### New Book of Exquisite Montana Photography

*Montana: Unforgettable* is a vivid portrait of the innumerable wonders of the Last Best Place, from peak to plain.

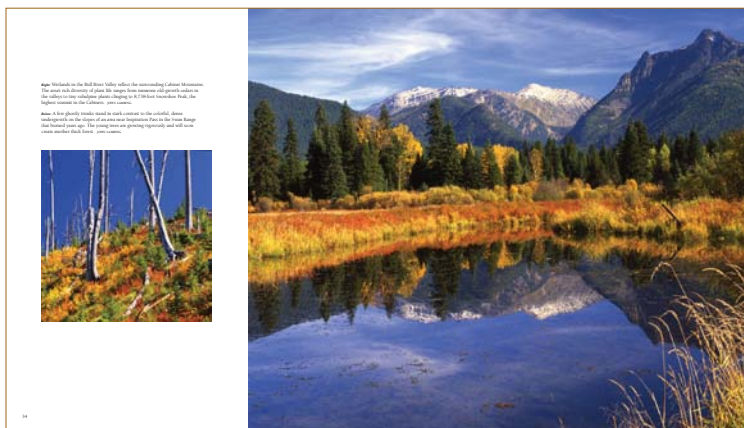

Celebrated Montana photographers Chuck Haney and John Lambing share 141 of their finest photographs, the result of a total of more than 35 years in the field.

Informative captions accompany the photographs in the 120-page hardcover coffee-table book, which portrays Montana's wealth of history, culture, wildlife and plant life, and scenic drama.

From cherry orchards in glorious bloom along Flathead Lake to the annual spectacle of thousands of snow geese descending upon Freezeout Lake, from the awe-inspiring Rocky Mountain Front to badlands formations that stir the imagination, and from once endangered trumpeter swans to the iconic bison, this collection of artful photography offers an insider's view into what makes Montana so unforgettable.

*Montana: Unforgettable* is available at local bookstores and gift shops, through online retailers, or from FarCountry Press at 1.800.821.3874, [www.farcountrypress.com](http://www.farcountrypress.com).
