### The Garden State in Pictures

Award-winning photographer Tom Till has completed his first book of photography showcasing the Garden State: ***New Jersey Impressions***. Published by FarCountry Press, this beautiful collection truly captures the character of New Jersey.

From the gilded capitol dome reaching into the sky above Trenton to a moonrise above the Ramapo Mountains, experience New Jersey from behind the camera lens of photographer Tom Till, one of the most published landscape photographers in the nation.

Take in the incredible vistas at Delaware Water Gap National Recreation Area. Watch a standard-bred horse pace through a snowy warm-up at Meadowlands Racetrack. Stroll through fall color at Stokes State Forest. Take a trip back in time at Morrison National Historic Park. It's all here, in every season, in *New Jersey Impressions*.

***New Jersey Impressions*** is available at local bookstores and gift shops, through online retailers, or from FarCountry Press at 1.800.821.3874, [www.farcountrypress.com](http://www.farcountrypress.com).
