Heavenly Hot Chocolate

THE WILDFLOWER INN, JACKSON HOLE

At the inn, this dreamy beverage is also made with coffee; simply add one-third cup brewed coffee for a delicious variation. Use a high-quality white chocolate to yield a creamier, richer flavor.

Combine the chocolate and milk in a small saucepan and cook over low heat to melt the chocolate, stirring frequently, being careful not to burn. Add the vanilla extract and cook over medium heat, stirring constantly. Pour into mugs and sprinkle with grated nutmeg or chocolate sprinkles.
